Dear Faculty, Staff and Parents,

In light of the New Years, the 111th Precinct would like to ask you to assist us with delivering a precautionary message in order to reduce thefts from unattended vehicles. The majority of these thefts historically take place at or around schools while parents are picking up or dropping off their children. As a reminder, do not leave valuables visible in your unattended car. Additionally, make sure you always lock your car doors.

Thank you for your attention and cooperation in this matter.

Steven Rosa
Detective
